DeVilbiss Tads are proud of Toledo; they welcome its recent progress and realize the city's potential. Each Tad dreams of Toledo's future as a great city, a commercial, industrial, and educational center, a city of ever-increasing progress.

Dear Karens
It has been great knowing you at D.H.S. and I hope that I'll see you in some of my classes next year. Keep on

with your music and
play for me sometime.
Sincerely,
Karen Gaines

TOLEDO . . .

Toledo, incorporated in 1837, has long been acknowledged as a city of progress. Toledo can boast of many "firsts"—one, as the first railroad west of the Alleghenies, the Erie & Kalamazoo, which began operation in Toledo in 1836 and was an important step in the city's growth as an industrial center. Toledo won national recognition, the title of "All American City" in 1950, as the first United States municipality whose people voted upon themselves a payroll income tax. Toledo was first in the nation to finance without federal aid a large and modern municipal airport; the first to establish an autonomous Port Authority. In the thirteen censuses taken since Toledo's founding, only once have the results failed to show a substantial increase in population.

Toledo now is a city worthy of every citizen's pride. The Toledo Museum of Art (one of the finest in the nation) the Toledo Zoo, the fifty-three public parks, the University of Toledo, and the sixty-one public schools are all outstanding institutions existing for the benefit of Toledoans.

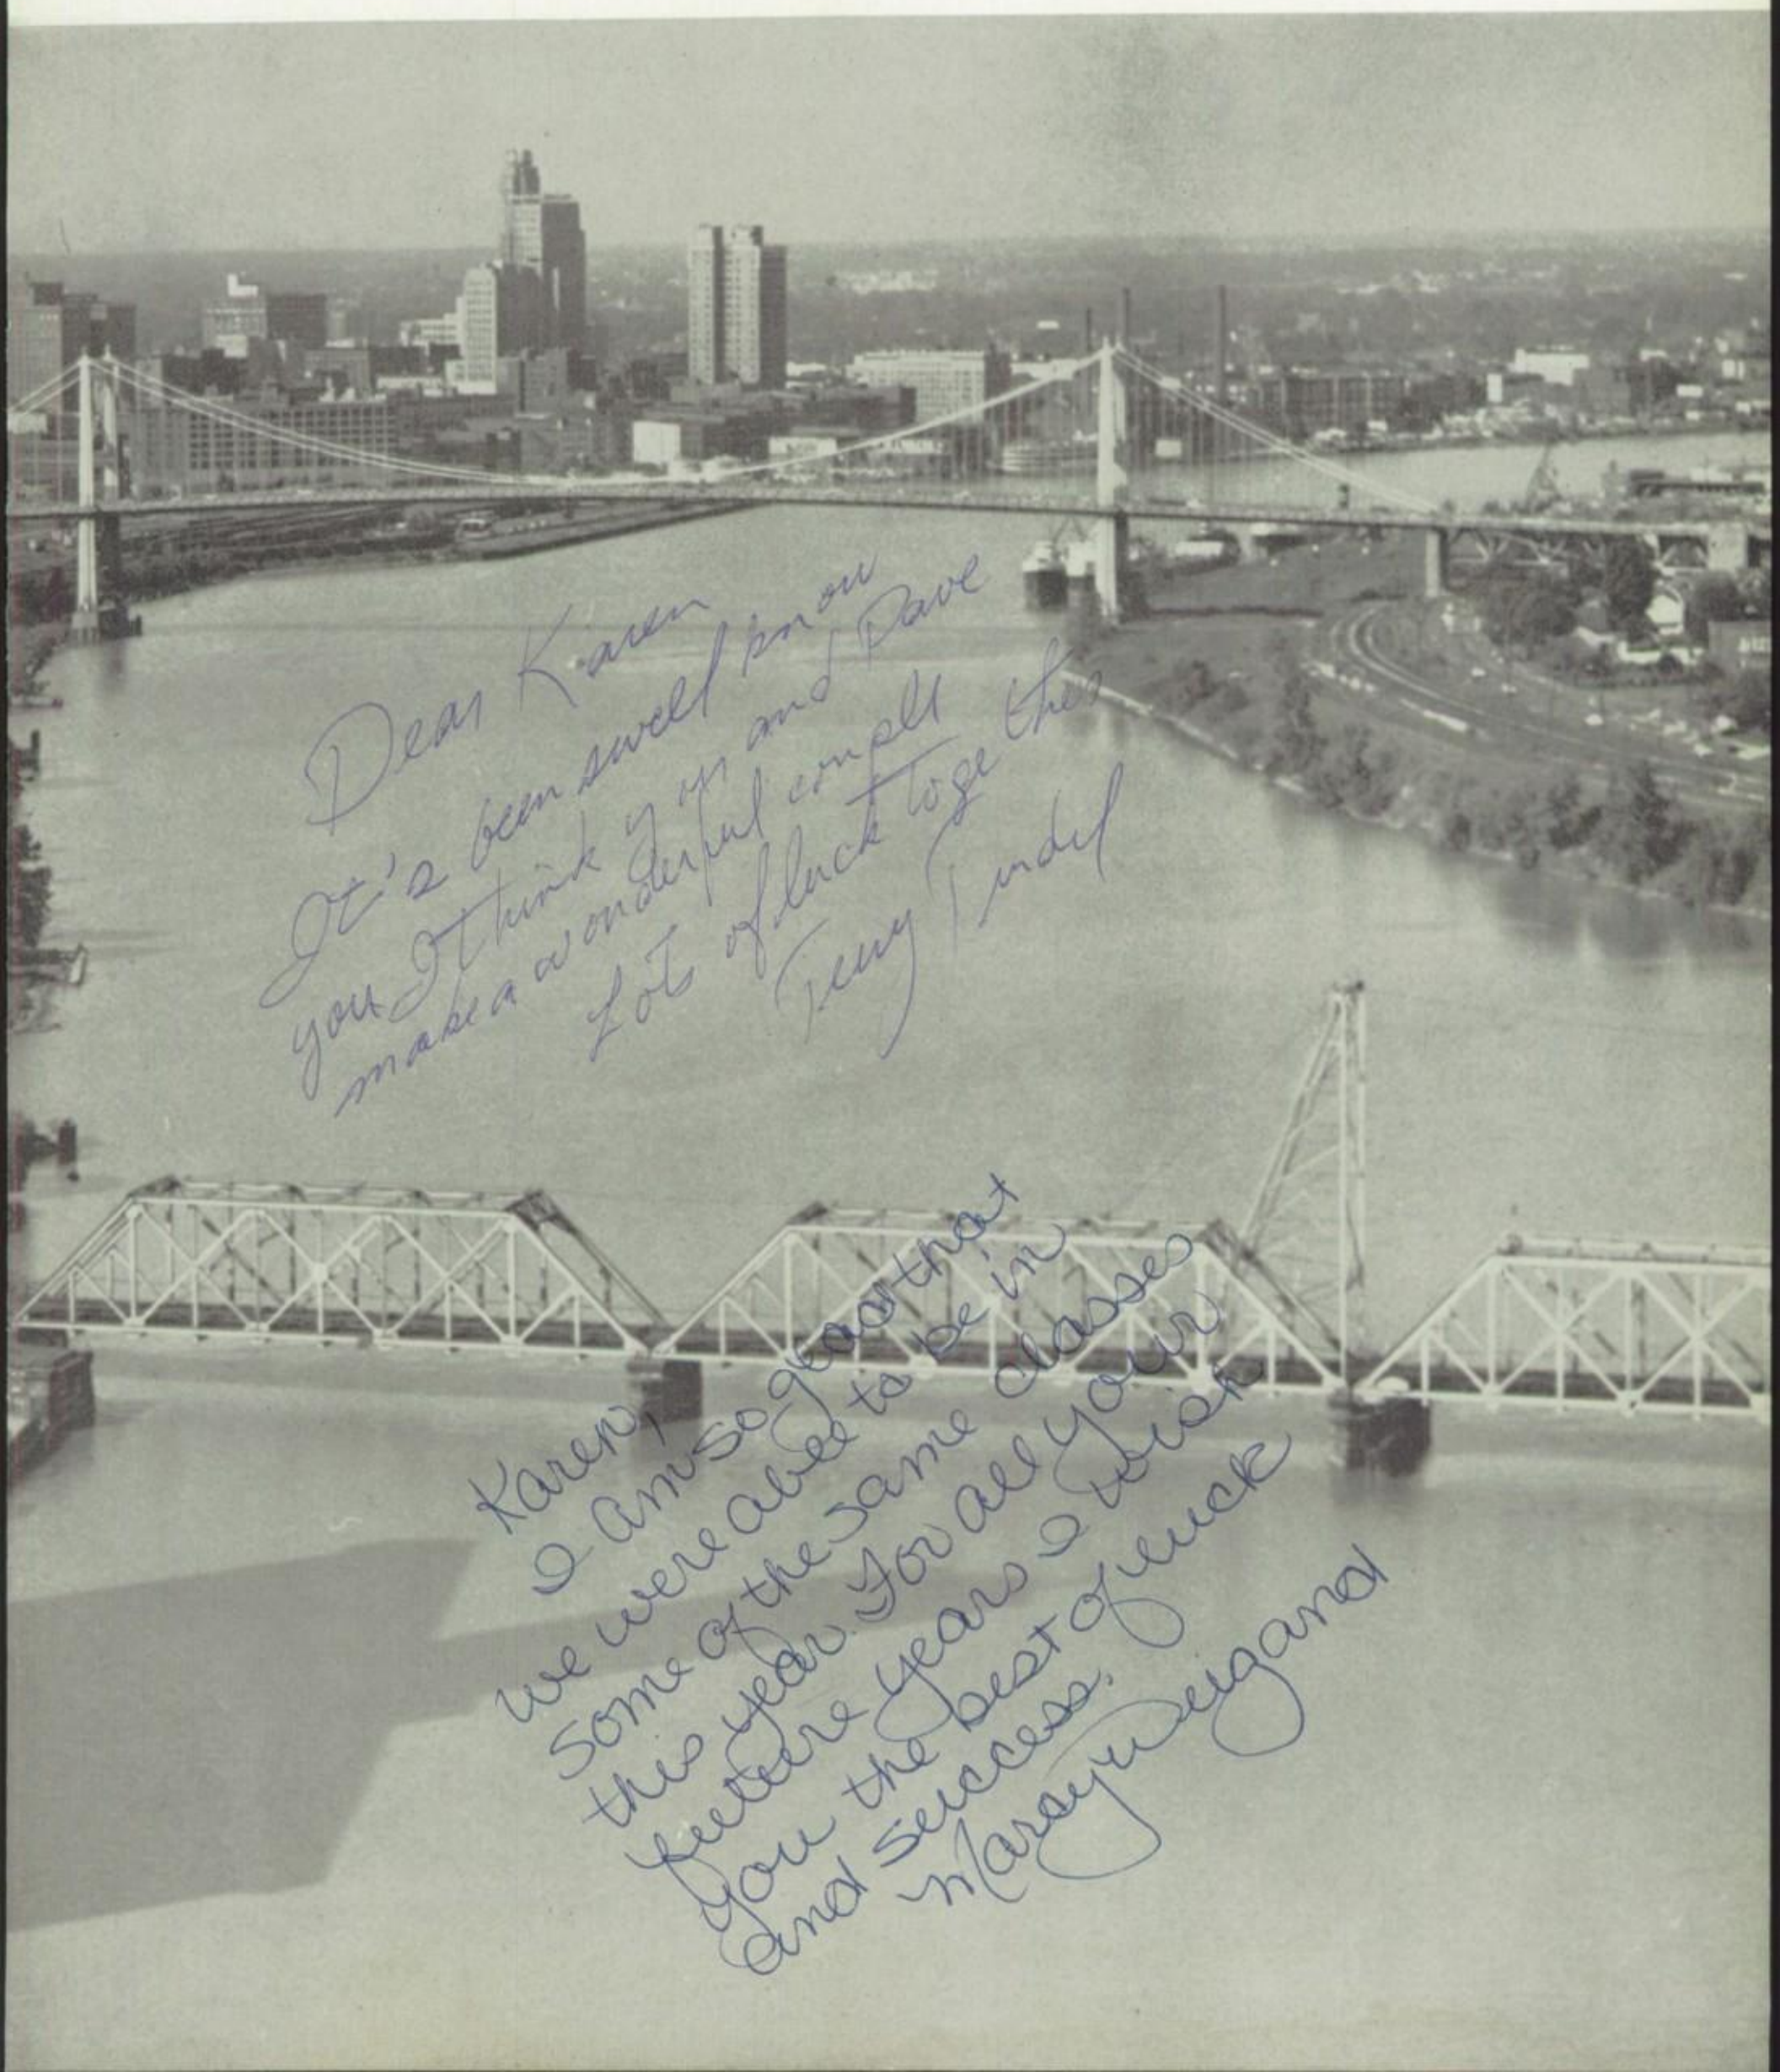
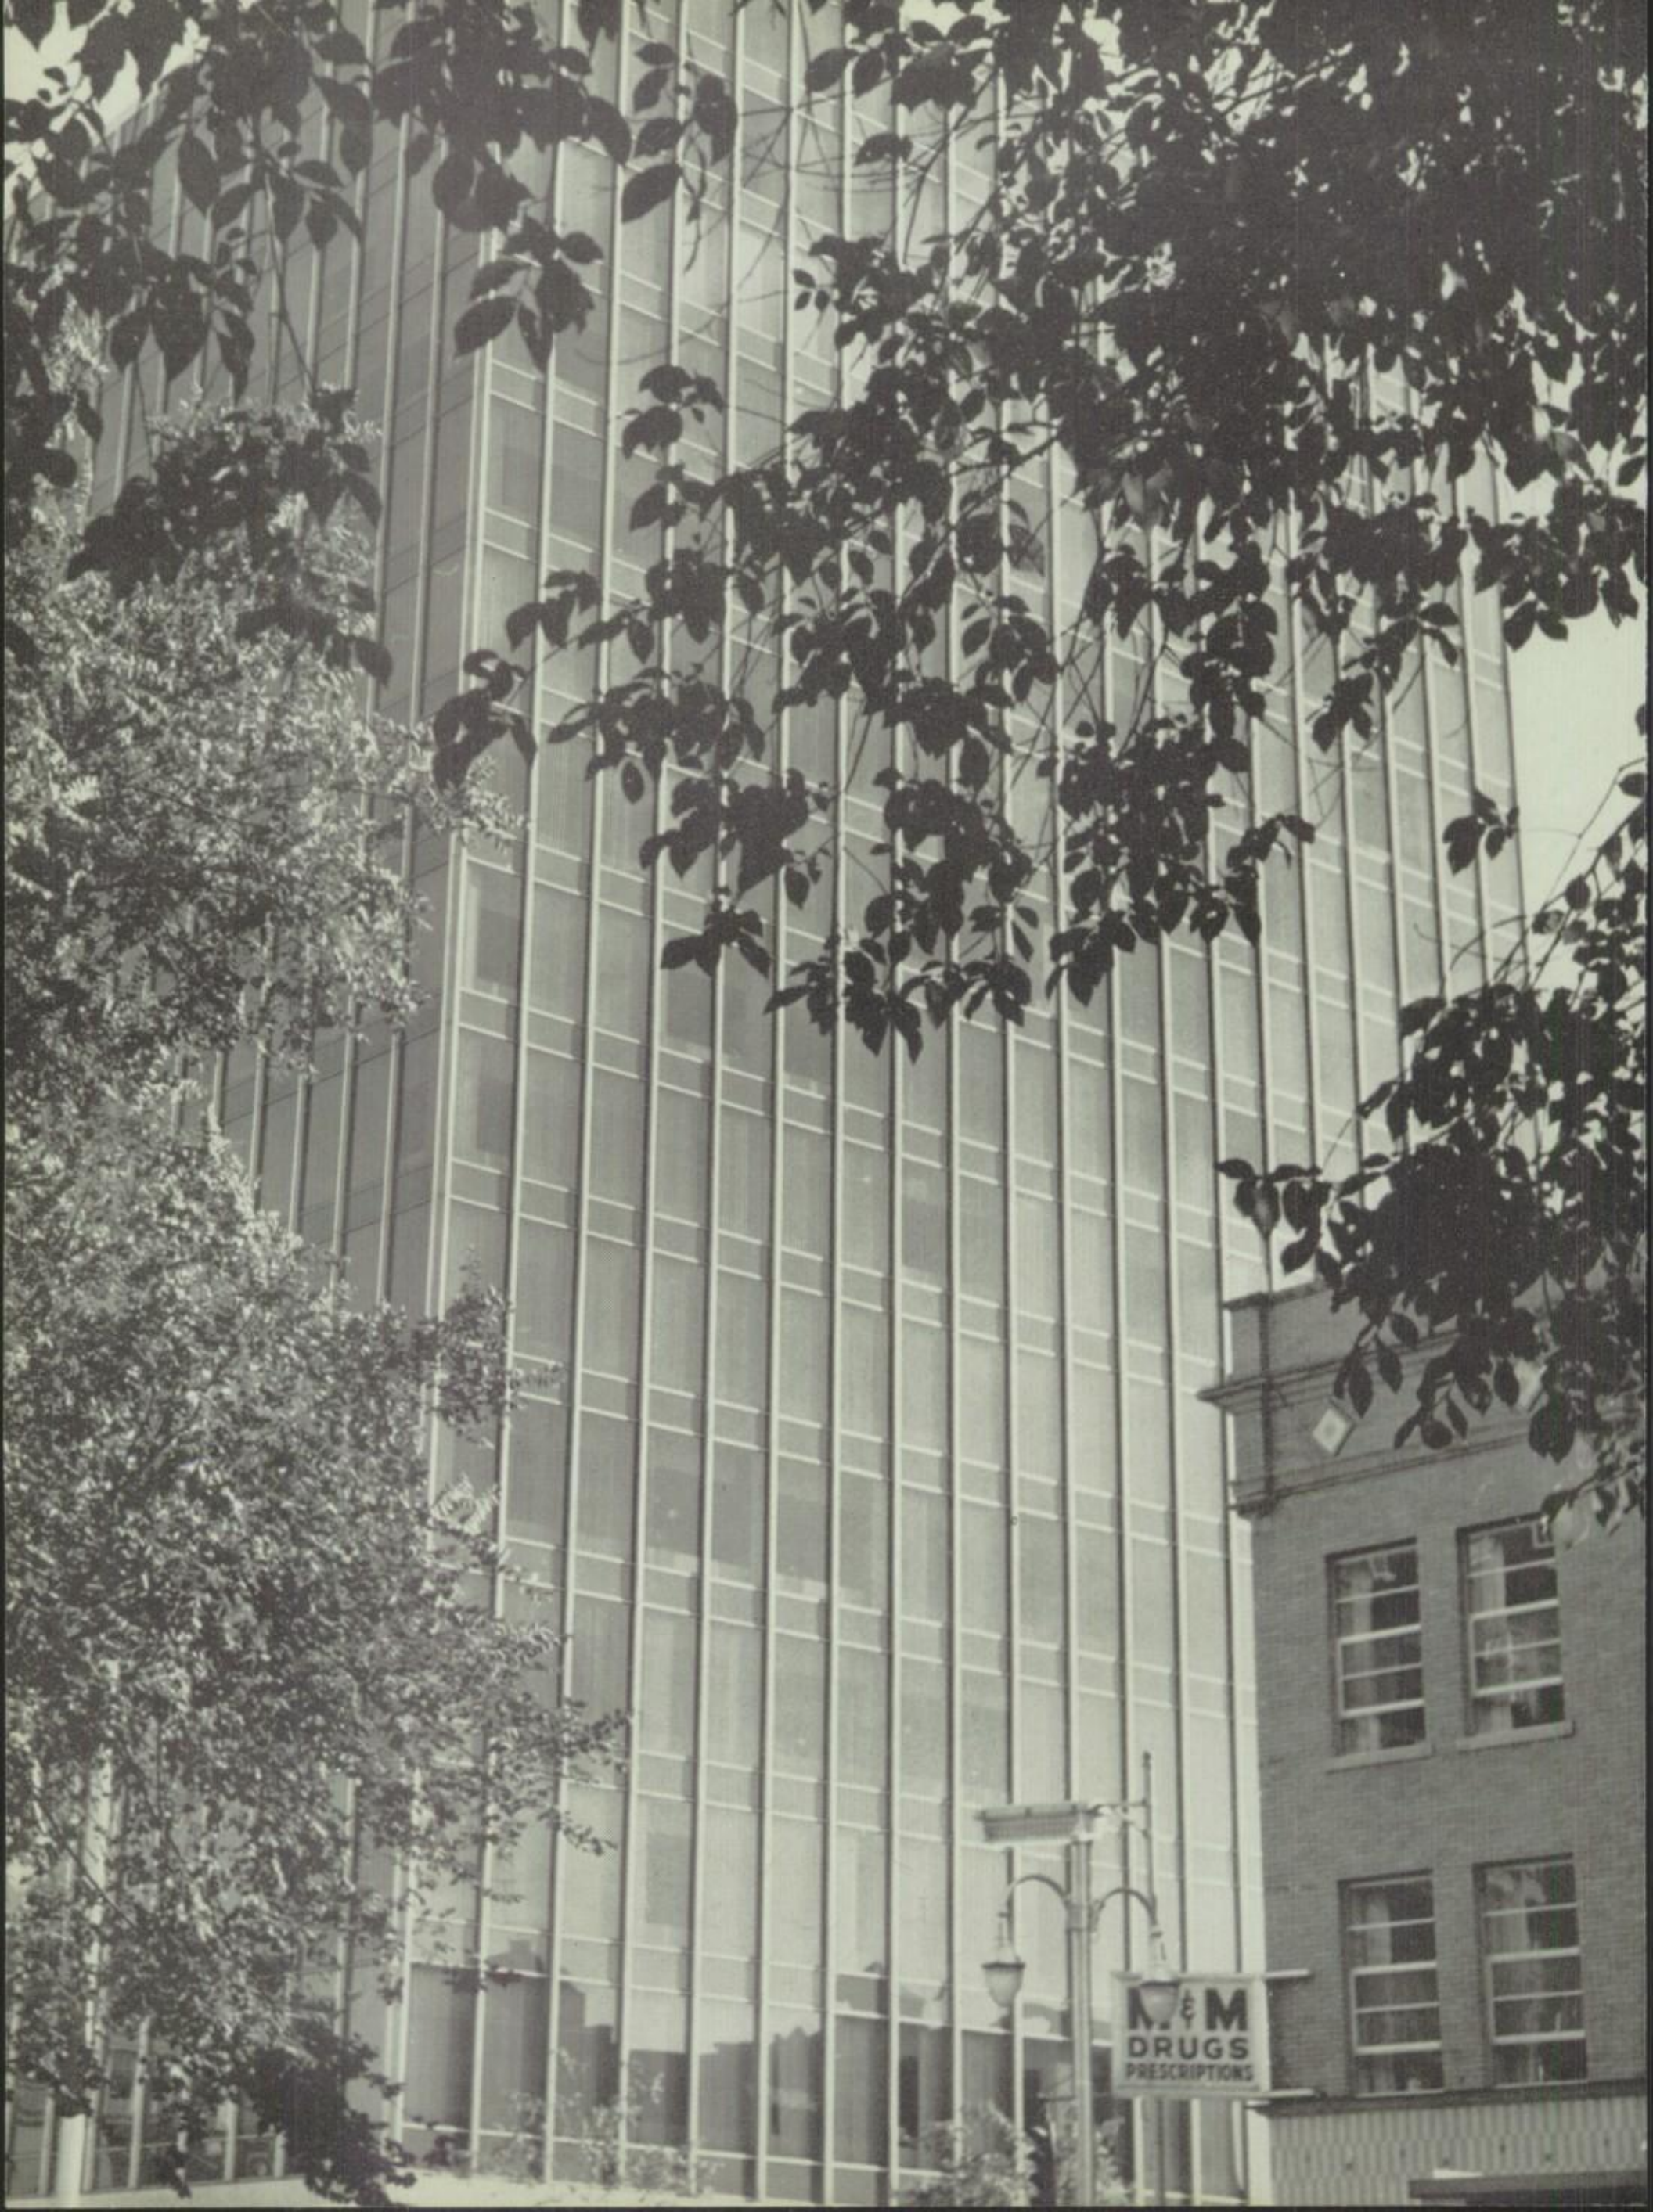
. . . CITY OF PROGRESS





M & M
DRUGS
PRESCRIPTIONS

Toledo is now growing and progressing in many aspects. Located in the metropolitan area at the present time are over eight hundred industries of all kinds—from glass companies and oil refineries to automotive parts industries and scale manufactures. New industries are constantly being attracted to the Toledo area by the community's many advantages: its supply of trained workers, its rail, air, and trucking facilities, its outstanding port, and its well-developed municipal services. Industrial and commercial progress is reflected by the large number of new buildings—offices, factories, and stores—now under construction.

Toledo is making progress in its drive to gain recognition as an international port. Ships carrying products to the ports of South America, the Middle East, Western Europe, Africa, and the Orient have increased in number in recent years. The new Presque Isle development will boost Toledo's capacity for foreign trade and aid her drive for progress.

Progress is evident within the city in countless ways. Construction of eighteen new public schools in the area, the street improvement and expressway projects, and the new sanitation and public health facilities are several examples of current progress.

Toledo is progressing now; the city mirrors the citizens' desire for advances and displays their successes.

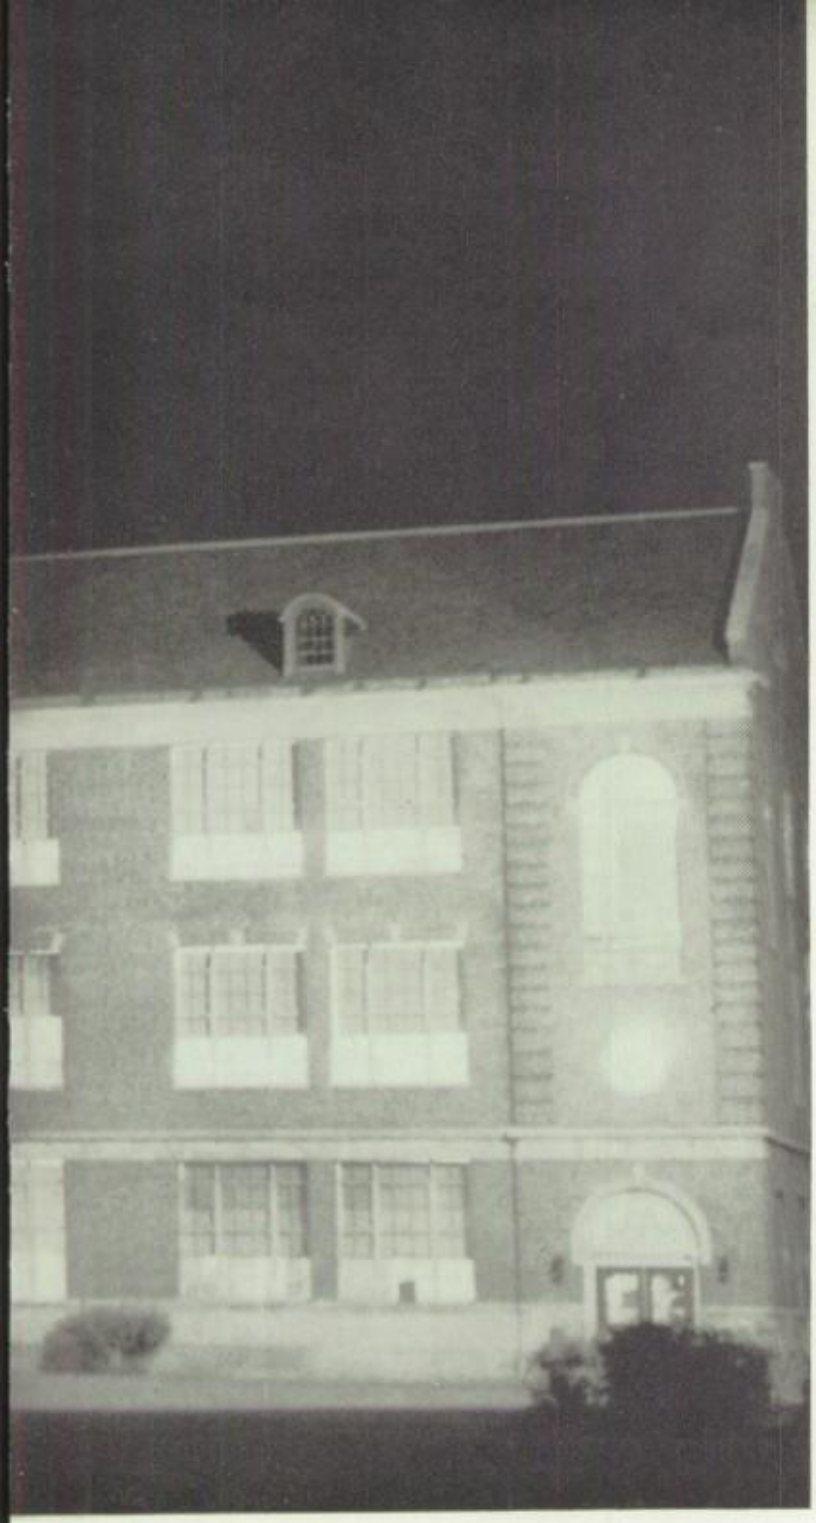
THOMAS A. DEVILBISS

Thirty years ago the Thomas A. DeVilbiss High School opened its doors and accepted the challenge of trying to instill knowledge and the desire for achievement in its students. The campus, tree bordered and impressive, and the physical plant, beautiful in the dignity of classical architecture, are both virtually unchanged and still command the pride and respect of every student.

DeVilbiss as a school, though, has changed in countless ways; it has experienced progress in every phase since its first days as a new and untried institution. As the administration, the faculty, and the students have striven first to achieve excellence and recognition, and then to maintain and surpass their own records, the DeVilbiss tradition has grown.

Every student who walks through the



HIGH SCHOOL 1931 - - 1961

halls, who learns in the classes, who participates in the activities is aware of and affected by this tradition. DeVilbiss stands for scholastic attainment, for stimulation of every student's intellect. DeVilbiss stands for athletic quality, for sportsmanship and championships. DeVilbiss stands for varied activities, for opportunity for all to develop leadership, musical talent, or individual abilities. DeVilbiss in every aspect stands for excellence.

But DeVilbiss must not stand alone for past achievements. To retain its reputation, DeVilbiss must progress each year. Each class must accept the challenge and reach for higher goals, higher standards. This, then, ever-progressing excellence, is the tradition of Thomas A. DeVilbiss High School.

THOMAS A. DE VILBISS

Even in the rain, loyal Pep Club members jauntily clad in "Go Team Go" vests, cheer for a touchdown.

STUDENTS PARTICIPATE

During the year, Student Council and clubs participate in several drives for charities. Among these is the Polio Drive.

FACU

The Charles A. Dana Auditorium of the University of Toledo, an imposing structure of stone, symbolizes for us the continued progress of our own faculty at DeVilbiss. Each a specially trained instructor, they are ever continuing their education. Through refresher courses, seminars, and conferences with other educators, they strive to enrich their knowledge which in turn is passed on to us, the students. The faculty of DeVilbiss is a well-trained progressive body under the direction of Irvin L. Conrad, who personally participates in many educational groups.

Not only through formal courses and conferences does our faculty progress. They are also a well-informed group. Each is a well-read, often far-traveled, individual. Each continually strives for excellence, the goal of DeVilbiss.

Only through an enlightened and progressive faculty can the student body excel. At DeVilbiss it is certainly the case. The students can well be proud of their faculty.

A TRIBUTE TO MERRITT CHANDLER NAUTS

Principal September, 1931—June, 1960

What course shall a man pursue in life?
That which will honor his Maker
And bring esteem to his fellow man.

Merritt C. Nauts pursued the right course. Daily, as principal of DeVilbiss high school, by word and deed, he helped hundreds of students to look up and keep in step with God. As the years advanced, the achievements of these students brought him the acclaim he deserved.

He was always personally interested in and loved his students. For them, he enriched the curriculum even as he utilized community resources. For them, he sought and brought scholarships as well as cultural advantages. For them, he attended every play, game, trip, P. T. A. meeting, conference, dance, program, and banquet. In them, he had faith, a faith that was never corroded by disappointment or disillusionment.

Teachers found him a colleague with an open door, a ready ear, a sympathetic heart, a mutual respect, an untarnished idealism, and, above all, a friendly sincerity. Parents, relatives, visitors—all were welcomed to DeVilbiss High School where they could see for themselves that "DeVilbiss was a good school."

It was a good school—it is a good school—because Merritt C. Nauts walked its halls. May his memory and his spirit ever remain the legacy of DeVilbiss High School, to guide, to inspire, to point the way.

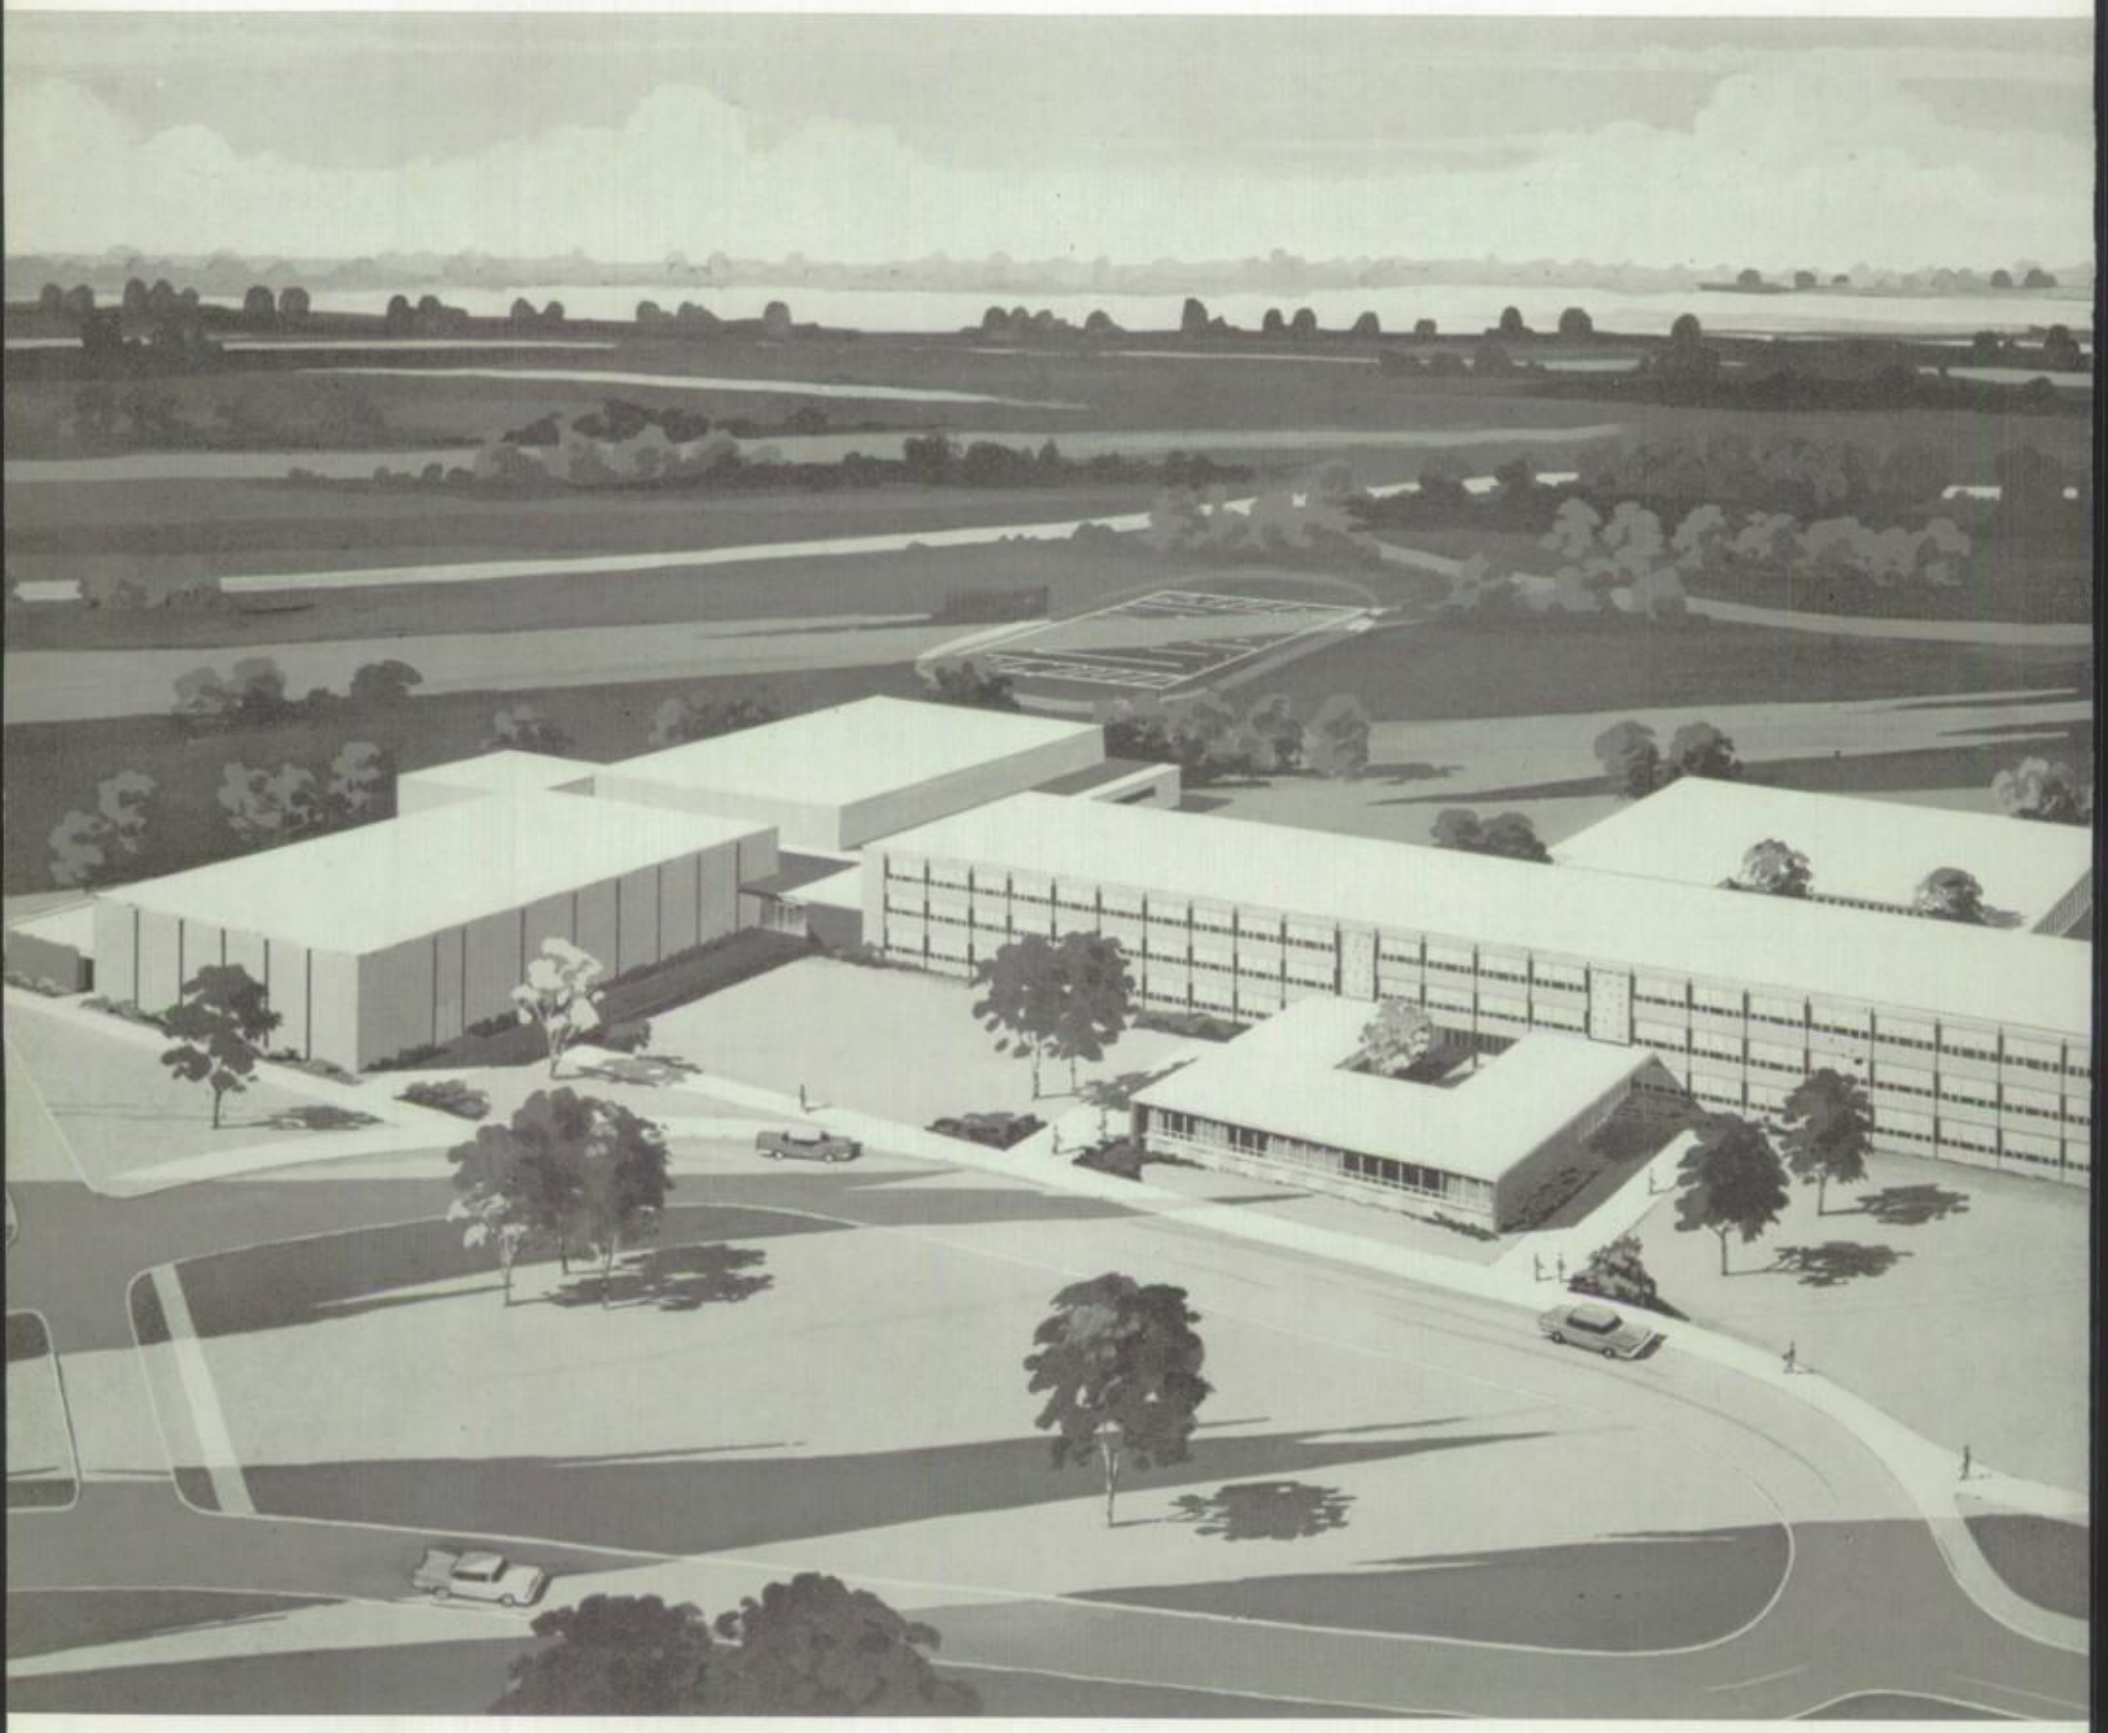
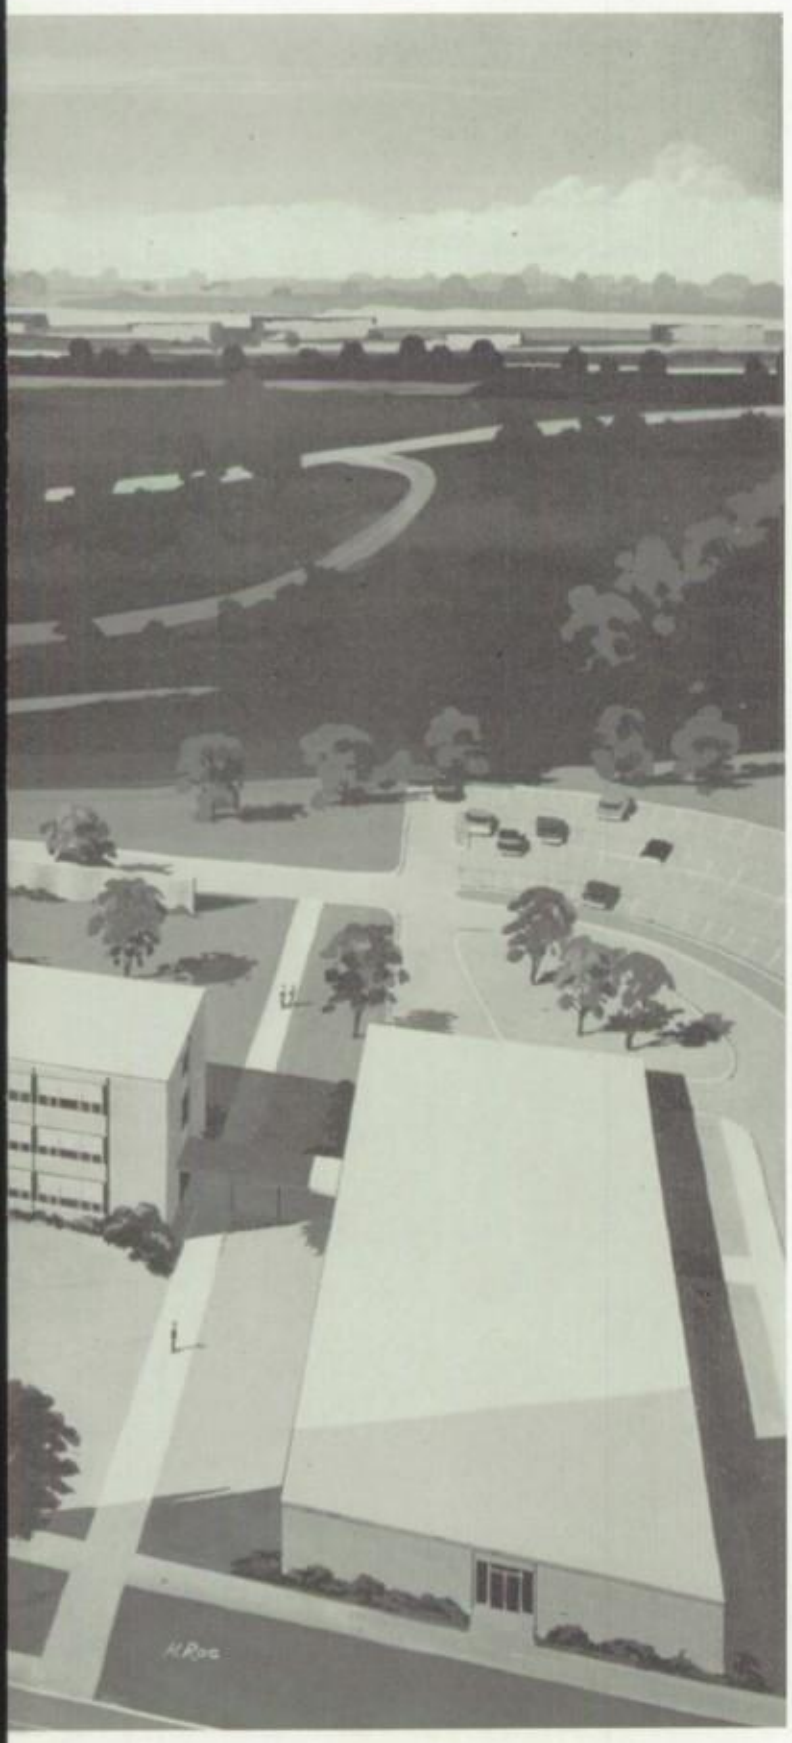
CLAS



SES



In November, 1959, the voters of Toledo passed the school levy which expedited the recent building of new schools. The contracts were let soon after and the architects began work on a design. After consultation with the administration and teachers, a plan was submitted and approved. Now, for the first time, an architect's drawing of the new West Toledo high school is unveiled to the public.

Beyond these barren facts is the spirit of progress necessarily inherent in the efforts. Not only a hard working school board but a sympathetic citizenry was essential. Without both elements, success could not have been achieved.

The students of DeVilbiss are very much a part of this building program, both as workers for it and causes of it. Juniors and seniors recall handing out literature to influence people to pass the levy. Freshmen and sophomores, part of the post-war baby boom, provoked the necessity of the new buildings.

DeVilbiss as a school also has been changed. Until the building can be finished, we have been on an extended schedule. Although this plan has changed DeVilbiss, we are still capable of progress. Through all-out efforts of the administration, faculty, and students the obvious disadvantages of the schedule can be overcome. DeVilbiss, as always, can move forward.

ILLINOIS
THE LION STORE

STUDENT ACTIVITIES

Downtown Toledo in the early morning presents a view of the city awakening to its many and varied activities. Busses and cars will soon fill the streets bringing the hundreds of businessmen, secretaries, office workers, clerks, and shoppers to the area. And downtown Toledo will once more be the hub of activity for Northwestern Ohio. Here the ideas and plans for tomorrow are debated and formulated. Here the progress of Toledo is charted.

So is DeVilbiss the center for many of the activities of its students. From 7:45 A. M. when seniors fill the building until 5:00 P. M. when the last freshmen depart, students participate in not only the curricular aspects of DeVilbiss but also the many phases of student life beyond the scope of the classroom. Here the future leaders of our city learn through experience in Student Council to express their ideas effectively and accomplish their goals efficiently. Members of the Pot O' Gold and Prism staffs while publishing DeVilbiss's excellent yearbook and newspaper gain valuable skills and develop great responsibility. The musical talents of DeVilbiss's students are encouraged and trained through the choirs, the band, and the orchestra.

DeVilbiss, by providing a wide range of activities, offers each student the opportunity of charting his own progress.

DEVILTRIES OF 1961

PRESENTS

"DOUBLE TROUBLE"

Elizabeth Papps
Adviser

The combined efforts of 900 DeVilbiss students including Steering Committee, committee members, and cast under the direction of Kathy Kridler, general chairman, Fred Sweeney, student director, Miss Elizabeth Papps, faulty adviser, produced the 1961 Deviltries.

The theme is one of a tramp, plagued by a rambunctious conscience who is awaiting "orders from headquarters". Complications result when the tramp is chosen by two society women who attempt to reform him as their monthly project. In this reformation they conduct him to an art museum and they invite him to a society ball. At the ball he realizes he doesn't fit into this life of extravagance and wealth. A twist ending left the audience laughing and saying that this was the "best show yet".

A CAPPELLA CHOIR

Through the years our A Cappella Choir has attained a high standard of musical ability. This year is no exception, for the choir has performed in the DeVilbiss High School Spring Concert and the Lenten service at Trinity Episcopal Church.

Mr. J. Phillip Zaugg, the director, should indeed be commended for the musical achievement of the 1961 A Cappella Choir.

ORGANI

ZATIONS

Before any building can be finished, the efforts of countless skilled workers are needed—plumbers, electrical engineers, masons, lathers. For a structure to be completely successful, the various workers must not only be competent exponents of their trades but they must be able to work together as a team. This co-operation is an essential of progress.

Toledo is progressing through the efforts of enlightened officials and a willing electorate. Recent advances have been the new schools being built, the increased activity of the port, and improvement of Monroe Street. In fact, the trial mall and the increased port activity have made Toledo world famous.

At DeVilbiss too, co-operation is stressed. This is especially evident in our clubs. No club can succeed—no matter how good the president, how worthy the projects, how interesting the programs—without the enthusiastic support of every member. The necessity of the group effort is especially shown in projects of a large scope, such as the Easter Lily Drive or the songfest. In short, though other elements are very necessary, group co-operation is essential for club success.

CLUBS - - THE LINK BETWEEN SENIORS AND FRESHMEN

The organizations at DeVilbiss have always worked hard to fulfill the purposes stated in their constitutions. This year has been no exception. With the number of clubs steadily increasing, DeVilbiss this year has been able to offer to more students than ever before an opportunity to engage in social, educational, and service activities. The clubs participated eagerly in service projects. Donating Thanksgiving and Christmas baskets to needy families, collecting for UNICEF and the Easter Lily Drive, giving time to the Cancer Society and Children's Hospital—these are only a few of the valuable services performed by members of DeVilbiss's clubs.

Theatre parties, private dances, turnabouts, and teas filled the clubs' social calendars. Rounding out their programs, clubs also visited exhibits at the Art Museum, attended concerts, and engaged speakers.

The organizations commission has helped to maintain the high standards of the club system. This group is responsible for the enforcement of many school rules. Clubs must have a faculty adviser, must turn in monthly reports, obtain a temporary charter and qualify for a permanent charter. All clubs which are granted this charter have proved themselves capable of maintaining DeVilbiss's high standards.

I-Da-Ka members consult their activity board for coming events.

Members of Les Femmes wash school lockers as a service project.

With their adviser, the Rocket Society works on their newest creation.

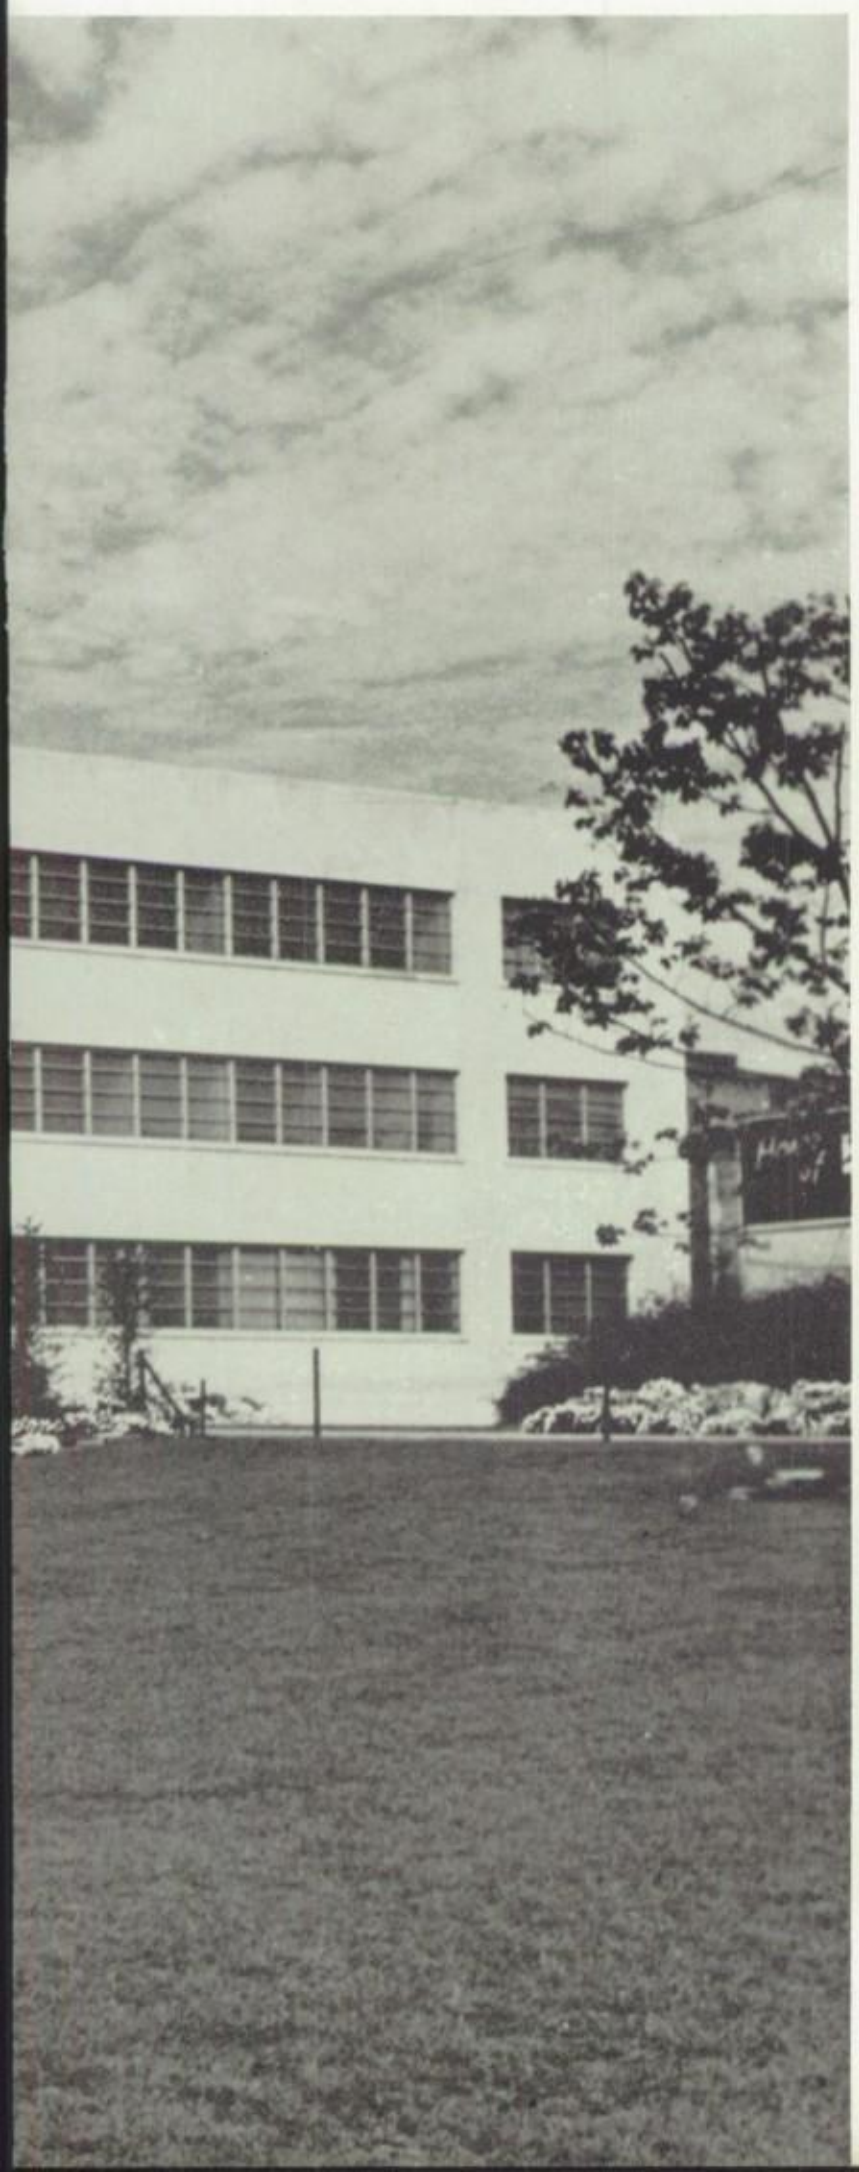
ATHL

ETICS



The city government of Toledo is ever progressing, trying new ideas and discarding old ones. Among these new ideas is the expanded health program offered by the city. Recently the new health center was erected to provide more and better service to the community. The purpose of this amplified program is to make Toldeo a physically fit city.

DeVilbiss also stresses fitness. In the various athletic activities, students gain physical strength, poise, and coordination. Exacting training rules are enforced to give our teams the advantages of good health. Sophomores and juniors enjoy daily gym classes in such sports as tumbling, volleyball, basketball, and baseball. All boys may try out for school teams. A complete program, including freshmen, lightweight, and varsity teams is maintained. DeVilbiss enters football, basketball, wrestling, track, cross-country, golf, tennis, and baseball teams in city league competition. The records these teams post are perhaps not always victorious, but the program is a success in achieving its goal of physical development and improvement among the participants.

Through the progressive efforts of the administration, the athletic board, and the coaches, the athletic program of DeVilbiss is moving forward.

A CITY CHAMPIONSHIP

Mr. David Hardy

Tigers Land Second Berth

DeVilbiss once more can be proud of its football team. Though unable to bring home the City Championship, they, nonetheless, posted a winning record. The Tigers experienced hard luck at the beginning of the season, but gaining experience, they rallied as the season progressed.

By the end of the year they were able to beat Waite, Woodward, and Macomber by broad margins, 26-14, 40-12, 30-6. In the final analysis, the DeVilbiss football squad finished the year a much improved and far stronger team, worthy of the support of every DeVilbiss student.

DEVILBISS FRESHMAN SQUAD

The main objective of Freshman Football at DeVilbiss is to give the boys a strong foundation in the fundamentals of football. Through faithful practice and with the help of the coaches and former DeVilbiss players, the DeVilbiss Kittens gained valuable experience and a basic understanding of the game. Although the least successful team on the field, the coaches feel that the freshman program was a success this year.

The 1960 DeVilbiss Lightweight football team, led by coaches Paul Scheig and Frank Kralik, had a very successful season. They were City Champs with a record of seven wins and no losses. They were victors over the six City League teams and St. Francis. These sophomores are anxiously looking forward to next year, when, as juniors, they'll try to bring another City Championship to DeVilbiss.

THE 1960-61 DeVILBISS BASKETBALL

TOP ROW (L. to R.): Bob Wiley, John Ayling, Tom Martin, Dan Simrell, Ed Boldt, George Diaga. FRONT ROW: Richard Walters—Manager, Terry Harmon, Bill Siegel, Jack Maynor, Tom Griener, Jim Gandee, Jim Grill, Mr. Thomas Inman—Coach.

DeVilbiss's basketball team entered this year's city league contest hampered by inexperience; nevertheless, the Tigers finished in a tie for fourth place. Paced by the third and fourth best scorers in the city, John Ayling and Terry Harmon, the hoopsters posted a record of eight wins and eleven losses. Considering that they had the services of only one returning letterman, Terry Harmon, who connected on fifty per cent of his shots from the field, this record is one deserving of the DeVilbiss students' support. Tom Inman, Tiger head coach, feels that the only disappointments this season were the two St. Francis games. Mr. Inman and the returning team members are looking forward to next year when they hope to have a team in the running for the title.

TEAM

In the sectional tournament at Waite, a spunky DeVilbiss team, led by the shooting of Ayling and Harmon and the ball-handling of Jack Maynor, defeated a stirred-up Woodward team, 60-56. It was a foul shot and a field goal by Maynor in the last minute that cinched the game. On the following night, overcome by the sixty per cent shooting of the Whitmer five, DeVilbiss bowed out with a score of 79-61.

The Pep Club screams for a basket.

YEA ORANGE! YEA WHITE . . . the members of the Pep Club rose to voice their enthusiasm and support for the DeVilbiss Tigers countless times this year. Led by their president, Brenda Roth, and the other lightweight cheerleaders, Bette Bodley, Kathy Petersen, Loie Elwell, and Sharon Hawkins, the Pep Club cheered for every home football and basketball game this year. Comprised of 250 girls, mostly freshmen rich in school spirit, the club not only serves as a loyal booster to the team but also provides an opportunity for girls aspiring to be cheerleaders. Each spring those who have cheered for at least six games are eligible for the training program preceding tryouts for cheerleaders.

This year's lightweight basketball team, paced by several juniors in the latter part of the season, posted a record of five wins and ten losses. The loss of four boys who were starters as freshmen hampered this year's success. The team was also short on talent although the sophomores used had played as freshmen. The junior cagers' wins were impressive, and five games were lost by narrow margins.

The DeVilbiss cross country team, under the direction of Rex Simonds, finished third in both the City League contest and the district meet. The team finished with a four-two record, losing to only Libbey and Macomber. The team placed three boys, Dick Chappuis, John Saggese, and Dave Dernlan among the top twenty runners in the district meet. Each of these boys received medals for their performances.

THINCLADS EYE VICTORIES

With nine returning lettermen, Coach Wilbur Booth feels that DeVilbiss once again will have a winning track team. Boys expected to garnish points for the team this year are Jack Decker, Don Krontz, Carl Pirner, Bob Beck, John Patterson, and Roger Paul. The thinclads started off the season with the Huron Relays where senior Jack Decker picked up the only points for the Tigers with a fourth place tie in the pole vault. Although not the last meet, Night Relays should be the climax of the season.

Carl Pirner unleashes a try for forty-five feet in the shot put.

In its third year of existence at DeVilbiss, our wrestling team finished the season with an overall 8-5 record. They also won the district championship. Four Tiger matmen, Don LeFevre, Chuck Abood, Jay Black, and Bob Sautter, were title winners in their respective weight classes. The Tigers placed Bill Lahey and Doug Brown in the district match. Bob Sautter went on to win a third place at Columbus in the State match. Jay Black later won the State American Athletic Union title for his weight class in both freestyle and Greco-Roman. He also vied for the National AAU honors in his weight class.

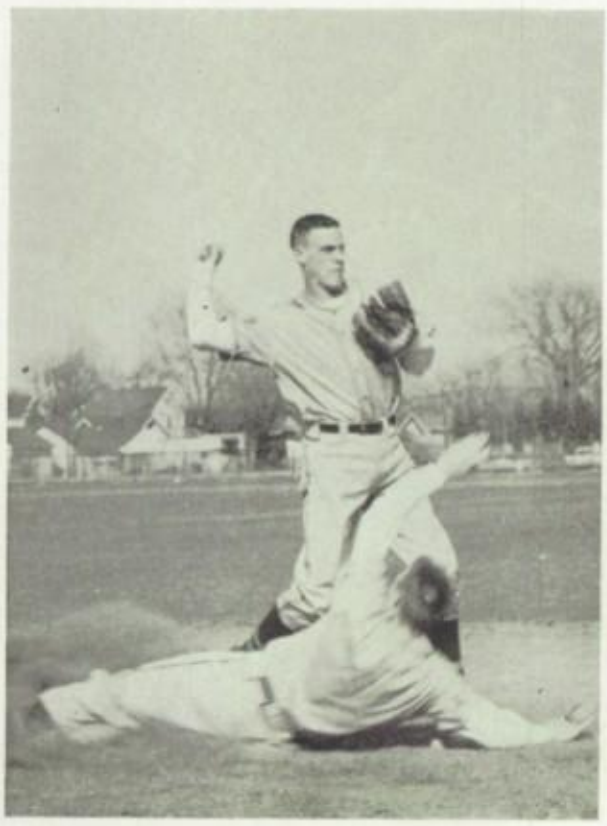
Terry Harmon leaps in the execution of a double play.



Under the direction of a new coach, Mr. David Kuebbler, the Tiger baseball team has expectations of finishing near the top in the City League race this year. Eight lettermen have returned to raise the diamondmen's hopes even higher. Among the returnees are Terry Harmon, Dick Shamy, Allan Kahl, and Tom Detwiler. Mr. Kuebbler hopes that the returning players will perform as well as last year if not better, especially Terry Harmon, who carried a batting average of better than .400 all season.

The Homecoming Queen, her attendants, and their escorts (L. to R.): Doug Boyer, Sue Boyette, Dan Giles, Linda Nixon, Pete Mattes, Jeannie Florence, MaryEllen Campbell, Carl Pirner, Carol Williams, Dick Krupp.

HOMECOMING!

The Anthony Wayne Bridge, spanning the Maumee River, symbolizes for DeVilbiss students their four years of high school. As the bridge leads Toledoans to the downtown and to the port area, the centers of progress and activity, DeVilbiss is the path to future accomplishments for its students.

SNAP COURSE IN *ECONOMICS*

No textbooks. No classes. Just plain economic facts. Practically everything you buy costs more than it used to. Everything *except electricity*. In fact, a dime buys about twice as much electricity as it did a generation ago. You really get your money's worth when you spend it for electricity.

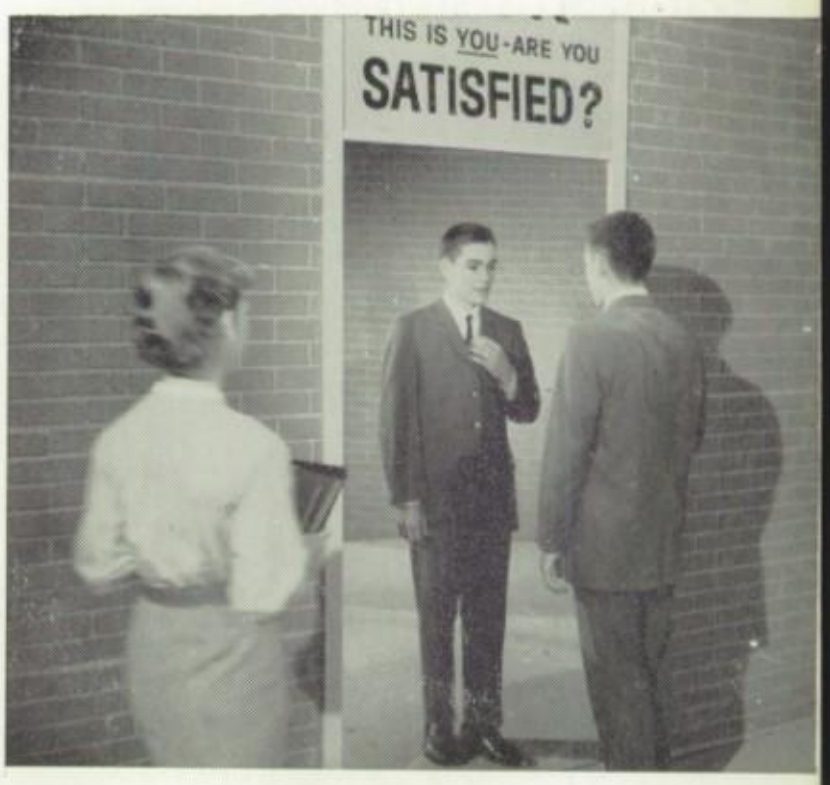
ARE YOU SATISFIED?

Grownups know that personal grooming is important if you want to "get ahead". Teenagers sometimes forget to look at themselves objectively.

So that boys and girls could see themselves as others see them, a full-length mirror was installed in the main corridor of a high school in Buffalo, N. Y.

Boys checked shirttails and trouser lengths—even started wearing coats and ties. Girls stopped to tuck in blouses or rearrange their hair. Renewed pride came to this school—all because of a mirror!



A mirror is a "must" at school . . . at home . . . anywhere. Always check your appearance before going out. It's a good habit to form and others will notice.

When *you* buy a mirror, be sure it's made of L·O·F *Parallel-O-Plate®* glass, *twin-ground* for truer reflections and more freedom from distortion. You'll find a wide selection at your furniture, glass or department store.

Dear Karen,

It's been a pleasure being your classmate again this year. Somehow, I guess, we have both survived Miss Hitch and Mr. Klee! I hope ~~that~~ we are classmates next year, ~~too~~. Good luck in the future.

Sincerely,
Mike Mills
